

TESTIMONIALS

"Richard Buckley and his team successfully managed a very complex office re-stack for us involving 200 personnel moving across four sites.

Richard put in a great deal of time with the detailed preparation process, attending many face-to-face meetings with us. He was attentive to detail and responded rapidly to a constantly changing brief. He was very helpful, communicative and always 'on the end of a phone' when needed. He took control of all the organisation and ensured that the alterations to the buildings and the move went smoothly.

I wouldn't hesitate to recommend their services. Not only did every go extremely well but RB&A saved us a lot of money."

Judy Purves, Facilities Manager, Aegis Synovate Market Research

"We decided to take our existing furniture to the new building so Richard and his team made a detailed inventory and produced layout drawings which showed every item of furniture we possessed down to the last waste paper bin. He worked with us to find the best way of making the move whilst maintaining our normal service to our tenants. By 9.00am on the Monday morning we were up and running. We were very pleased with the way it all went."

Julie Roberts, Resources Manager, Fosseway Housing Association

"Richard Buckley & Associates have managed moves for a number of our clients including Fosseway Housing Association and Uniq Prepared Foods. They have also managed our own move to an iconic building originally built by IK Brunel for his Great Western Railway which posed its own unique difficulties. These moves all went extremely well with a minimum of disruption to staff and the business. I would happily recommend their services."

Will Ricks, Partner, King Sturge, Chartered Surveyors - Swindon office

I worked with Richard on the relocation of the Competition Commission to its new building in Central London and he planned and designed our new building in Bracknell. I would recommend his services to any company relocating to new premises.

Graham Joyce, European and Far East Property Manager, Lawson Software

We are an office removals contractor and often tender for RB&A's projects. Some we win, some we lose. What we like about working with Richard Buckley & Associates is that we get a clear brief to quote against and know that our competitors will get exactly the same brief. This means we can put in our most competitive price. The move itself is always extremely well organised with excellent documentation and very clear installation drawings.

John Mortifee, Managing Director, Oval Office Moves
